

NOV 27TH/28TH 2020
LIVERPOOL HOPE
UNIVERSITY

Building on the success of Our Dance Democracy in 2018, Karen Gallagher & Associates with Dr. Sarah Black of Liverpool Hope University will further the debate and extend the conversations of how artists and academics interrogate the function of dance and other artforms in the 21st Century.

Our Dance Democracy 2 is a two-day conference, dedicated to examining and deliberating on the role of dance artists and scholars in ways that consider dance as cultural identity and how our practice can bring about change in communities, making visible the movement of peoples, their sense of belonging as we dance, research and make art in uncertain times.

Opening Keynote Speaker: Victor Merriman, Professor of Critical Performance Studies, Edge Hill University

Daily Reconteur: Wendy Houston, Independent Movement and Theatre Artist
